Warehouse Management

Unostar Value Chain Pvt. Ltd. believes that a strategically located warehouse, its optimized inventory and cost effective & efficient management will have direct impact on its customer's inbound & outbound operations.

“ **COMMITTED TO DELIVER THE KPI/SLA AND KEEP RAISING THE PERFORMANCE AR** ”

Scope of Services —————

- ✓ Inbound Management
- ✓ Inventory Management
- ✓ Cost Effective Solutions
- ✓ Location Management
- ✓ Kaizen & Improvements
- ✓ Outbound Management
- ✓ Fifo Management
- ✓ Audit & Analysis

Warehouse Digitalization

Warehouse Digitization cuts out mundane tasks by automating them, which helps eliminate time-consuming manual work, saving thousands of man-hours. For instance, using an inventory scanner system that can scan and track items using bar codes, an order picker can quickly locate and pick an item to complete an order.

Inventory Management

Inventory management helps companies identify which and how much stock to order at what time. It tracks inventory from purchase to the sale of goods. The practice identifies and responds to trends to ensure there's always enough stock to fulfill customer orders and proper warning of a shortage.

Vendor Managed Inventory(VMI)

Scope of Services

- ✓ Periodic Inventory
- ✓ Cycle Count
- ✓ Annual Inventory
- ✓ Perpetual Inventory
- ✓ Counting Consolidation
- ✓ ABC Analysis
- ✓ Inventory Analysis

After-Market Warehousing (Spare Parts)

We are proud in stating that we have set the new standards in the spare parts industry on quality deliverables. Our value proposition is unique to the customer and it is driven by service level indicators.

Unostar is fully aware about the seriousness involved in the Spare Parts Order Management and it's expected deliverables.

“ **WE PROVIDE ROBUST BUSINESS REVIEW MECHANISM** ”

Supply Chain Design & Re-Engineering

Unostar Value Chain Pvt. Ltd. offers best in class supply chain management and order fulfilment that allows for seamless inventory management and the safety of your goods in a secured way.

- Providing the structured consultancy in SCM and Logistics
- Focusing on single point agenda - "Waste Elimination, Improving Efficiency and Accuracy
- Business Process Re-engineering (BPR) is offered to sanitize the processes
- Support the customers on the end-to-end basis or pocket-by-pocket basis

Invest And Operate

In Invest & Operate Model, Unostar supports its clients by investing on their behalf in moveable & immovable assets such as warehouses, warehouse infrastructure, material handling equipment & any other CAPEX which generally involves lengthy internal processes & which takes a lot of time for approvals if sourced by the client on its own. As a Value Added Service, Unostar not only invests in assets but also operates & manages the assets by managing warehouses, providing operators for material handling equipment's, maintaining the assets etc.

Value Added Services

This VAS is generally availed if any of the above services are used. Essentially, the resultant packages are very different than the original if in such cases. Due to its different sizes, special packaging needs to be devised so as to achieve optimum costs of logistics.

The Solutions team of Unostar Value Chain Pvt. Ltd. is actively involved in all of the above VAS and works closely with the customers to ensure that the desired effect with the goods is achieved upon reaching its consumption destination.
